Dear Mr. Bhatt,

I am very sorry for the delay in acknowledging your letter of 17th April which I was very glad to receive. We are greatly encouraged by the fact that almost all of you in the Ahmedabad City Committee of our Party are in agreement with the point of view of the National Executive which I had explained to you in my letter.

In the difficult weeks and months ahead, I hope we can count on the loyalty and disciplined support of a large majority of our members in Gujarat.

Will you kindly convey to your colleagues my thanks for their message of support?

Yours sincerely,

(H. G. KHASARI)
