re: C.C.

Subject: Removal of Shri C.C. Desai from
Party Membership etc.

Dear Sir,

I have carefully read the statement issued by
the National Headquarters for circulation among
the party legislators & MPs.

justification of

While I am still doubtful about the Party's
stand on economic issues like Managing Agency,

& remuneration of Managing Directors & Directors.

I am in complete agreement about the judgement
& the decision following it ^{as a whole} on the breach of discipline
by Shri Desai.

In light of the repentant mood of Shri
Desai, the extreme step taken by the Executive
for his removal from party-membership is completely
justified & inevitable.

Whatever consequences this decision may have

in the near future on Gujarat Politics, I
am sure that ~~people~~ persons like me will share
the consequences happily along with National
Executive instead of submitting to threats by
such unscrupulous members, of leaving the party.

The discipline has to be maintained at
all costs & certain standards in Public Life
of our country have to be maintained.

I have full confidence in Mr. Masani's
leadership.

Please convey my heartiest congratulations
to the members of the National Executive.

Yours sincerely
