Bombay-7

February 26, 1974.

Dear Mr.Narayan,

I am sending with Prabahkar few more signatures for file. I hope you have got in touch with other members of the party for collecting the signatures.

I should like an analysis as to which unit was active in bringing signatures and which were not.

I should like to have a meeting of the Executive Committee convened either during this week or next week for the purposes:

- (a) to consider the attitude of the party with regard to gheraos and bandhs and
- (b) to chalk out the next line of action.

I hope that the analysis of the work of the Signature Campaign working will be available for the next Executive Committee meeting.

Please depute Vijay and such other gentlemen in fort area for taking signatures as we did a couple of days back. Try to collect as many signatures as you can. Let this be upto 6 in the evening.

I wish to get a copy of the report submitted by Prof.C.M.Vakil and many other economists to the Government of India on the state of Indian economy at the present and the steps they have advocated. The summary of the report appeared in the press a couple of days back. There is another report referring to that in the press in the morning. I wonder whether you can get a copy of that also.

I should like to have Primary committee meeting and District Committee meeting in each area. This should be fixed in each unit and the District members may be

also called. I shall thank you to let me know what plans are drawn up for the purposes by this evening.

I have had a talk with Mr. Phirzada. He promises to call a meeting of the Executive Committee of the Mahim Primary Unit on coming Saturday. If possible the District Committee may be called at the place suggested by him. Please try to get in touch with all members of the Primary Committee and District Committee of the Bombay Central constituency so that the meeting could be arranged on Saturday. I would like the meeting should be in that area itself and at the head quarters. Please also keep ready the present financial position of the party by this evening.

I am also sending a draft letter and of the telegram to be sent to Mr. Mewaram Arya. This is to be sent by express delivery. Kindly see me in the library during the lunch time that is 2 to 2-45 in afternoon.

Yours sincerely,

(Girish Munshi)
