My dear Minoo,

I am enclosing an appeal in connection with a cultural programme we have arranged on 5th December, 1967, at the Shri Shanmukananda Sabha Hall, Sion, Bombay-22. As stated therein, the idea is to raise Funds from our own efforts to finance the various constructive activities of our Unit.

We have had excellent appreciation from the public of all our activities, and now that the Unit has raised popular expectation about our useful activities, it behoves us to maintain the tempo and to find funds to do so.

In this connection, we are bringing out a souvenir outlining our activities and our future programme. The souvenir will also contain articles from some of our prominent leaders. I would request you to be so good as to favour us with message for being included in the souvenir. It is needless for me to add that our members would feel extremely happy for this kind gesture of yours. Personally, I would also be grateful to you for the favour.

Thanking you for the message and looking forward to welcoming the Masani and self at the function and with warm regards,

*I am,
Yours very sincerely,
R.V. Murthy*
