My dear JP.,

At the last meeting of our Executive Council the possibility of reviving the All India Civil Liberties Bulletin was considered. While the suggestion that the Bulletin be taken up by the ICCF was not favourably received, it was felt on the other hand that this Bulletin which was the mouthpiece of the All-India Civil Liberties could now be published by the Citizens for Democracy.

In the light of the conference which it is reported you propose to convene to discuss civil liberties in this country, would you like to consider this suggestion at the Conference. Alternatively you might like to commend it to Mr. Tarkunde. I would appreciate a line from you in reply in this regard.

Your constant travelling makes me worry about your health.

Yours sincerely,

(M.R. Masani)
