My dear JP.,

I sent you a telegram this morning regarding the ugly situation that has been developing at the Vellore Hospital. I do hope it got you. A copy of the telegram, as also a clipping from this morning's Times of India, which tells part of the sad story is enclosed. I do hope you are doing something, publicly and privately, to help the doctors and students of the Hospital who are being persecuted by Karunanidhi and his hooligans with the support of the local police.

I also enclose a clipping of a talk I gave to the Junior Chamber of Commerce in Bombay a couple of days back which may amuse you.

Yours sincerely,

(M. R. Masani)
