My dear Mavalankar,

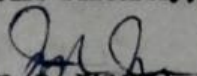

Your letter of July 27 to Mr. Jayaprakash was shown by me to him when I called on him briefly at the hospital this morning. He was happy to see it and I told him that I would mention this to you.

Mr. Jayaprakash has now been allowed to leave the Intensive Care Ward and is in his own private room recuperating. He has been asked to stay there for another week or so. His plans after that are indeterminate.

He is still rather weak and low and needs both rest and beefing up but, alas, he insists on being a vegetarian !

With kind regards,

Yours sincerely,

(M. R. MASANI)
