My dear J.P.,

I do not know if you are still in Bangalore or have gone back to Patna, so I am posting this letter to both the addresses.

I am sorry you will not consider coming up to Panchgani for the seminar on Indo-Pakistan Relations from September 30 to October 2. Panchgani is a lovely place and I think Prabhavati and you would have enjoyed the lovely surroundings.

I too have my reservations about the M.R.A. but there are so many people to cope with that one has one's reservations. *about*

Thank you for suggesting ~~the~~ various names. We have definitely invited Prof. Mujeeb and Mr. Harris. and am bearing your other suggestions in mind.

I saw a very interesting newspaper item that you are planning some kind of conference on State Autonomy of a non-partisan ~~in~~ character. As you are aware we in the Leslie Savhny Programme had a seminar on this subject in Agra which I found of considerable interest. The proceedings of the seminar are now in the press but as soon as the volume is ready I shall send you one.

sure This is to inform you that I shall be glad to participate in any discussion if you should wish me to do so.

Yours sincerely,

(Minoo Masani)
