29th December, 1971

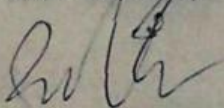

My dear J.P.,

I had written to you as far back as 19th November on bearing about your illness and had posted a copy to ^{Patna} Muzaffarpur and Patna addresses. I hope the letter reached you.

There has been no news about you either in the press or otherwise and for the last few days I have been worrying about how you are doing. I do hope you are making progress and will soon be restored to normal health. Do please ask Prabhavati to drop me a line about your health. If it was not quite such a distance, I would have come over to see you.

Wishing Prabhavati and you good health and happiness in the New Year,

Yours sincerely,

(M. R. Masani)
