My dear Piloo Mody,

I have your letter and I had a message from Masani also. I understand the embarrassment I have caused without intending it. The main point is the total defeat of the Congress candidates in Goa. You have to tell your friends that I was concerned with that mostly.

I am glad Mr. Siqueira at least has understood my reaction and does not think I am perverse. However we can't do anything now, except to tell the concerned people that my view is my own and under point 21 of our principles. We do not constrain members to ~~take~~ the same line in matters that come up from time to time. That is the speciality of our party which will keep down party coercion. (pull)

Yours sincerely,

C. Rajagopalachari
