P.M.

My dear Piloo,

I have your letter of September 18
about Goa affairs.

8/10/63
It is a good thing that all the
opposition parties have "united" against the
Congress and are keen on their programme for
a clean and efficient administration. The
Swatantra Party may advantageously give their
encouragement. But there is one hitch. The
Kannada and Maharashtra claim that Goa should
integrate with one or the other. Can we
afford to get bogged in this quarrel? Can
we devise a formula to keep this question aside
and get the united front to work at present
for a clean and efficient autonomy irrespective
of the future?

Yours sincerely,

C. Rajagopalachari
