I have just received your express delivery letter of 25th February with the various enclosures. I am glad to have them. The circular re. the railway budget is fine.

I am afraid my telegram about the Jana Sangh was not properly understood by you. When I asked for the voting record, I meant all the material that was available about the Jana Sangh including the article in the Radical Humanist which you once showed me. I thought all this would come to me well put together. However, please send me immediately the article in the Radical Humanist by B.K.Sinha. Also the English translation of Barej.
