(On Trade Union Training)

Management Training the vogue

Analyse and comment course

A little too much law

40 hours compared with 45 hours for Trade Union administration
Perhaps most valuable part topics covered by Mohan Das.

Too cheap

realise poverty of Unions unnecessary

Reflection of poor leadership and organisation

Politics the bane - quote S.K. Patil

quote Punekar - outside leadership of
trade unions

Have long advocated trade union training even by employers
e.g. Hydros

Union suspicions unfounded - glad being broken through

No real clash - quote I.C.F.T.U.

Industrial relations reckons unions

Duty of employers - quote F.E.E. Code
e.g. J.R.D.T.

Important from their own point of view

In adverse climate of public opinion loyalty of employees vital

Not suggesting appeasement e.g. Shaw-Cross Commission Report on
British Press

Quote Graham Hutton:

"Better be bloody, bold and resolute than timidly trying
never to be unpopular, never to lose a vote, never to go
against the masses...The British people always respect
leadership, guts, firmness and a good dash of eccentricity."

Perfecting bid for U.S.

Hope Tata Inst will make it permanent feature.
