Dear Shri Masani :

I take this opportunity to extend to you sincerest congratulations of my own as well as on behalf of the Sammelan on your being rightly elected as the President of the Swatantra party.

In the complicated economic and political condition prevailing in the country, the Swatantra Party has a very important and responsible role to play and I am sure that you will pilot the party to its eminent height to safeguard the democracy.

The Sammelan is holding its next General Session at Berhampore (Murshidabad) on the 21st and 22nd February 1970 and I extend to you Sammelan's most cordial invitation to grace the Session as a very distinguished guest. While formal invitation will be mailed to you in due course, I request you kindly to keep the above dates off your engagements so as to oblige thousands of businessmen of the state with your address and advice.

I long to have a reply at your early convenience.

With regards,

Yours sincerely,

( S.N. Bajoria )  
President
