My dear Koder,

fill L
I understand that our Kerala Unit has with great enthusiasm enrolled a large number of members and has nominated a full quota of 20 to the new General Council of the Party which will be meeting in Madras on 27th December. They are naturally anxious that if possible all of them should attend the meeting. It seems that while about half of them can come to Madras on their own steam, the other half will require some assistance to be able to undertake the journey. The Central Office is going to try and arrange for their accommodation in Madras but the rail journey and boarding expenses for two days in Madras will still remain to be covered.

For you, this will be a flea bite and I would much appreciate it if you will encourage these young men by making a contribution to cover these expenses. I do hope you will respond to this little request. I am asking Mr. Sudhan who had written to Bombay to approach you in this connection.

I hope you yourself will depart from your usual practice and come to Madras for this meeting.

Yours sincerely,

(M. R. Masani)
