My dear Respected Shri T. S. D. Sir,

I may be pardoned for my rudeness - not replying. Your letter came as a solace, to boost up my low spirit; immediately I always wanted to reply, but I have to go hunting for words, what can I write, my mind is blank I just cannot concentrate, I am shocked to death. The very idea of betrayal by the psychopaths - the Congress Cobras and Gansangh Scorpions tins in my nerves. How can this happen. Really we entered the thorny jungle full of serpents which were poisonous, and wild animals - we went in with closed eyes, we trusted them all. No no no, how can this happen - you can't loose, how can it be true. Our efforts went up - But I really feel you have won - you can't seat in that Pit class Parliament, how can you be instrumental in destroying our democracy. Perhaps we do not deserve you how can we destroy

all.

have you - you are parliamentarian par excellence
not only in India but of international fame.
I want only to weep and cry my heart out -
but no - I am not mad - But you will be
angry with me - I want to talk with you
if I telephone you get disturbed; if I
write then you say I waste time writing
long letters, so I cry you make unwelcome
remarks - then what to do you tell I am
mad; then I won't come to Bombay - why
should I come, I am going to fight
with you, and take a revenge for all
you have done throw out, why do you
design, this could have happened in anybody's
president ship. I have no time to waste.
With what pleasure I came to Madras
all the way to Bombay to crown you
Now I am not at all coming to see
you again. I shall COME only if
you promise you will consider our request

and withdraw your resignation. Now come for
just take my resignation as withdrawal without
consulting me and you resign -

I obey you and withdraw my resignation
you have to withdraw your resignation or
be prepared for the fight. you have to consider my request
yes "Bhik" report is correct. Each one
has betrayed. I have sent Gujarati clippings
to Raju. Even Mr. Gairam Patel was inside.

My mother was very ill, now she is
better. I shall only if she is alright, I never come
I have been raised to a high political
status because of you then how can I let
you down.

Excuse me for writing long but I could
not help it. People think I am mentally sick
I shall surely come - you don't doubt my
sincerity. I have worked honestly for you -
I know you will get angry and loose temper
with me if I come - but I will come
with best regards

Yours sincerely
Kusum
