Respected Mr. Masani

No

Your letter dated March 30, 1971 came to my hand a few days ago, but sorry to reply you a bit late. I have read, in daily papers, the news about your resignation from the Presidentship with great shock and reached to the conclusions that without your leadership the fate of the party is well known. It is my firm conviction that only you can lead the party to its desired goal nobody else but unfortunately, under these critical days of the party's life, when it faces vitruual extinction, you too have decided to desert it. I can only request you to reconsider your decision. I am sure that you will not disappoint us.

Regarding your inability to visit Farrukhabad (in U.P.) in near future it is sufficient to say that we are unfortunate in this respect. We are going ahead with our plans to re-organise the party in this part. I have personally, without any help from the U.P. Unit, decided to organise 3 neighbouring districts i.e Farrukhabad, Etah, Shahjahanpur and Budaan district and I am ready to bear the expenses myself. Please direct the central office to send some instructions and party literature regularly to me directly because we are getting no information from U.P. Office.
