My dear Mr. Mesani

Today's the Swatantra Party newspaper transpires that you tendered resignation from the Chairmanship of our party. It is disheartening not only to me but even to common man who has no connection with the Swatantra Party.

The reasons and conviction pressed you is of a high political perfection. But the critical period of our democracy after this election needs men like you at the leadership of Swatantra Party, I feel. The Stearn roller majority of the Congress (R) and their deliberations at Delhi (3rd + 4th April '51) shows a tendency to declare open war to Judiciary, Fundamental Constitutional guarantees etc. At this hour if you quits the Chairmanship we will be at a great loss.

Therefore you have to reconsider the stand taken - it is my earnest appeal to you.

With profound regards,

Yours truly

V. G. K. Unnikrishnan

Mr. M. R. Mesani
