17th March, 1971

My dear Goud,

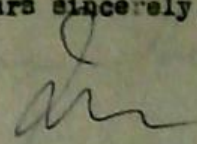

Thank you for your letter of 6th March written before the results and the resulting massacre.

I am sorry our efforts have borne so little fruit but you have been one of those who did everything right and you should have a good conscience.

I hope your health is bearing up and the campaign has not set you back too much.

I hope we shall be able to meet before very long,

Yours sincerely,

(M. R. MASANI)
