17th March, 1971

My dear Hanumantha Rao,

Thank you for your letter of 11th March. As you say it is all very sad and calls for an agonising reappraisal on our part. I am arranging for the National Executive and General Council of the Party to be called some time in the second half of April by which time we shall have all relevant data and the dust will have settled.

Yours sincerely,

(M. R. MASANI)
