Why Freedom First?

Man's understanding of truth and life tentative, hence
vital importance. ~~Acting~~ liberty supreme good

Because of Challenge

1. Bread or freedom - false antithesis - no bread without freedom
2. Peace - e.g. Bertrana/Russel vs. Sidney Hook
3. Smear - J.P.'s answer: (December 1956 - 55th issue of F.F.)

"The D.R.S. has done particular service in exposing the dangers and nature of Russian communism, and curiously enough some of its exposures have now been endorsed by communist leaders themselves, such as Khrushchev, Gomulka, Imre Nagy and others.

"Every communist now talks of the 'mistakes' and 'crimes' of the past, but when the DRS talked of them some years back, it was condemned by the communists and by men like our Prime Minister as a fascist organisation or as an organ of foreign imperialism."
