19th November, 1974.

Dear Sahajanand Babu,

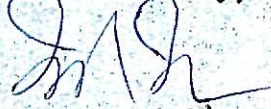

I have just seen your letter of 8th November. Raju who is now working with me had reminded me to meet you when I visited Patna recently. I am sorry after coming all the way I returned without your being able to see me.

The Swatantra Party is not dead. It continues to function in Maharashtra, Tamil Nadu and Kerala. I am glad you have declined to join the B.L.D. I have always thought the B.L.D. would not succeed.

You ask me for my advice on what you should do and my sincere advice to you is to plunge into the movement launched by Jayaprakash Narayan. In my view, his is the only movement that can perhaps save our country. You are welcome to show this letter Jayaprakash and offer him your whole-hearted cooperation.

With kind regards,

Yours sincerely,

(M. R. Masani)
