My dear Masani,

As you are aware, the Constitution of the Swatantra Party does not contain any provision either for dissolution or merger with other political parties. In view of this what Puro Body is bent upon doing can be considered illegal and "ultra vires" of the Constitution. I believe that Moot's writ in the High Court, the "Status quo" can be preserved.

What is your considered opinion?

With kind regards,

Yours sincerely,
V. Srinivasan
