My dear Srikumar,

This refers to your letter dated August 28 to Mr. Masani who is presently abroad and will be back by the middle of October,

Mr. Duraiswamy Nadar's memorandum is interesting and valid but on Mr. Piloo Mody it is like pouring water on a buffalo's back!

May I take this opportunity to remind you to send us the observations of the judge on the injunction suit that were filed before the Convention took place?

You told me that the said executive meeting would be on September 8. I would like to know what happened.

Incidentally, the problem of venue for the test and interview of management trainees is settled. We shall now be holding it at the Woodlands. Many thanks for your help.

With kind regards,

Yours sincerely,

S.V. Raju
