Venerable Masani Sab,

Though I always stand by you yet I could not vote because my single vote was immaterial particularly where "crowd behaviour" dominated the whole scene. However, ~~ix~~ I am sorry on behalf of 'U.P. Wallas' knowing the fact that "exception does not prove the law."

I shall be too glad if my services can be used for 'Citizen's Council' sponsored by J.P. in my area. I was equally impressed to learn from you that you trained more than five thousand young men during last few months on swatantra Economy. Will it not be ~~pos~~ possible to train youngmen from this politically backward, highly populated and poverty stricken East U.P. ?

Kindly convey my compliments to Mr. Ram Krishnan (of Matunga) and Sri S.V. Raju as they spoke without an eye on gallery following Rajaji whereas I followed Mr. Nehru "never say right thing in a wrong moment," which was not just though appropriate.

Hope this will find you in best of health.

Always yours
