Dear Sir,

Since last Swatantra Party's Convention held in Delhi, we got a moral support through you, eventhough we were in minority who resisted the merger proposal as we sensed some ulterior motive and lack of far sightness in the minds of those leaders of our party who want to form or merge into so called B.L.D. and our voice was carried out by you against this to the press who gave us due care to our ideas and stand. I have a personal knowledge that after this event even Mr. Piloo Modi is shaken and started rethinking about his future. I do not know whether he will change his attitude or not but it is clear that he has ^{been made} realised through our protest and we want to keep our pressure and presence on him and in his mind.

Since last month, Mr. Modi and his associates have changed their way of handling the situation and we in Delhi, are witnessing this change daily. We are being approached by them and are being pressurised by them to join ~~w~~ so called B.L.D. They talk about filling up of ideological gap which came up during the Convention. In the absence of your presence and guidance, We are in a fix. I am sorry to say that since these people are in their full swing and approaching masses here-there and every-where, from your side we have no idea of our further move and programme.

CONFIDENTIAL

Please also visit Delhi and hold meeting and immediately write us about your programme as to how you are going to run the Party and how you are going to finance it.

I once again assure you that if few persons join the so Called B.L.D. We are in a position to run our Party without any hinderence and difficulty.

Thanking you.

Yours faithfully,

Mohan Lal Jatav
