Dear Dr. Kalamegham,

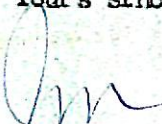

I received your letter of August 9. Of course nobody can stop anybody from using the name of the Party. There is no trademark or copyright. You are quite right in your assumption.

The election symbol is another matter and cannot be used without the co-operation of the Election Commission.

I understand that the Tamilnadu Unit is going to carry on anyhow and would suggest you keep in touch with them.

With best wishes,

Yours sincerely,

M.R. Masani
