My dear Mr. Masani,

Nothing could soothe my feelings better than your letter to Pilloo Modi, who is out to destroy our Party. Since a long time I wanted to write to you but I was afraid of annoying you, now I have gathered some wit. As you have come to our help, come on and Captain the Swatantra Ship to the shore, which the present crew wants to drown. They are like rats, who create holes and run away when the ship starts sinking. You and you alone MR MR MASANI can boldly and bravely like a dauntless warrior, save us from sinking. We joined Swatantra because of you, we had immense faith in your leadership, your foresight and this is the time you should come in again with full courage and like Nelson win the war, be determined like Napoleon, yes he is also my hero, I am extremely fond of Napoleon who had strong determination never mind his end but throughout he was wonderful. Pilloo Modi seems to have lost his head - we care not for power dear Masani no! we care

not mainly striving for power but we want
to educate masses, now with three spiraling
prices and the rock bottom economy people
do realize the importance of our Swatantra
principles and ideas even the white and
our head has started adopting our principles

Then why do we loose nerve and dissolve
ourselves, that is sure but do we commit
suicide today no! Then why do we dissolve
just as Mrs Gandhi had her landslide we
may also have it! Of course Karna,

would say our leadership has been
faulty - The leaders have failed to create
a cadre of grass root workers but they
have trained the best politicians, which
are now valued in India and abroad
Then why don't you come in the

front, and be come a leader, you
are always one and you have behaved
like one, so it will suit you.

All the present situation has driven
me almost mad. The very idea is

dissatisfactory, I discussed this with
Mr. Parthiva who is the dissolution
and with Mr. Pasricha who is
my view; we decided to circulate
letters, but I have not been able to

Mahadev Wadi, P.O. Gondal, Rajkot District, Gujarat

draft it, but he has already done so.

This time I heard about Mrs Kasani being
sacked from Status of Women, and she is
offered to be made advisor to minister of
social welfare but she has to vacate this
quarters, she does not want smaller one
and she wants to be in the diplomatic
services, I am annoyed with her, she is
responsible in destroying our party,
by defeating - oh helping Jha, who
is a nut, I am tentatively starving
by not seeing you at all - instead I
met you every month. she wanted to
meet me but I never bothered to see
her, why should I annoy you.
You are very irritable and without
understanding the sentiment behind you
start losing your temper.

Mrs Kasani perhaps you may find
there is nothing in my letter that
calls for a reply, but yet I request
you to write to me, soon, how can

you always ignore and never appreciate the sentiments and feelings of your people

Are you coming to Delhi for NC on Aug 4 & 5, do let me know, I can come only if you go & tell fast and just like an orphan without you in our Party meeting do come, it will make a world of difference your very presence will be enough to hold the workers courage.

Please do let me know your programme, I am really getting mad with the state of affairs.

Recently I went to Ranchi for my AWC meeting and then to Kulu Hanu and Dharamshala where we saw Dalalanga Mrs. Raykumariah remembered you and inquired about you, she is your adviser

Early awaiting to hear from you, have a heart for once in your life can not be cruel to children (can?) tender love

your affectionate daughter Kusum

Will you help me draft a letter for circulation?
I want to in peace Party the heaven is proud and arrogant
