Swatantra party & workers of chingleput district of Tamil nad. are very much upset about the reported decision to merge our party with some opportunists to form a new party. Party workers here feel that people are slowly ^{realising} ~~understand~~ the effectiveness of Swatantra principles now. At this juncture it is very unfortunate ^{that} our leadership is trying to dissolve the party instead of making it stronger taking advantage of this favourable climate. But 15 of year existence ^{in opposition} has started paying dividends. That people in responsible positions in the government ^{are} ~~are~~ slowly ^{swaying} ~~coming~~ to our way of thinking. We have ~~joined~~ ⁱⁿ the party from its birth and continue to work for it because of our faith in the policies and leaders like Rev. Rajaji and your good self. You are the leader whom we can depend in case of distress as you can deliver save us from dissolution. Swatantra Party is suffering from complex. Since leaders like you have ~~not~~ remained in the sidelines. We feel time has come for you to take up the leadership of the party to save its image and hence country. We trust you can boost up the party and make up

Yours Sincerely
