Emergency must stay, says Munshi

Bombay, June 25 (PTI)—Swatantra Party leader K. M. Munshi today expressed the view that the emergency should continue till the country was in a position to meet the Chinese challenge.

It should be there till such time as India became militarily so strong that its neighbours would not entertain any idea of starting a war, he said.

Mr Munshi was speaking on "the emergency and its implications" at a luncheon meeting of the Rotary Club of Bombay.
