NIDUBROLU

22-6-63

my dear Dada (Kriplani)

thank you for sending me a copy of your proposal for exploring the possibilities for united action by the democratic opposition parties on a minimum programme.

964

Shri Masani has already written to you how it is necessary for all of us to go on working together on specific issues for some time to come. The un-cooperative attitudes made so public and so impatiently by so many sister parties have weakened the slender thread of mutual cooperation that some of us have been developing during the past three sessions.

Shri Lohia believes in soloing at any cost. The proposal to move a vote of No-Confidence will serve no purpose unless the opposition parties are willing to concentrate just on those issues on which there is broad area of agreement. The PSP and Jan Bangh have already announced their readiness to support it. I am however preferring to wait until our COC meets and the proposed informal meeting of the leaders whom I am inviting in the routine manner takes place and indicates the possible line of approach.

yours sincerely
