My dear Masani,

Please give some thought to the proposed arrangement for seating our members on the Lok Sabha benches. Sardar Kapur Singh wishes to shift Yashpal Singh to the Fourth Bench, in view of our dissatisfaction with his troublesome activity and bumptious precocity to poach into our time at any cost. But I do not want to lose his numerical utility merely on the score of our placing him where he deserves and wish to continue to be patient, until you too see him functioning for a session.

Kindly send your suggestions soon.

Yours affectionately,
