

March the Tenth *24th*

My dear Nino,

How nice
of you to write from
Bombay in the midst
of all your great
endeavours. We
do hope you'll be

able to pull your-
self away from
your hectic, political
world to spend some
time with us. Our
thoughts are more
especially with you
today than ever
before.... till we meet,
which I hope will be
soon - devotedly always

Dear Rati,

Just a line to thank you for that egg fillip that you were good enough to send me on the 26th. I had hoped to see you before I left for Bombay on the 2nd but was completely tied up with Danduka. It was sweet of you to think of it.

I hope to be in Rajkot from the 9th to the 11th instant and shall be staying at the Kathiawar Gynkhana Guest House and shall try and call on you and Rogerson.

My regards to both of you,

Yours sincerely,

(Minoo Masani)

Minos - this is Mr. Torrey,
Residential Assistant of
my 'House'. Please
let him know if you
would like something
- anything.

Come and have a

spot of dinner whenever you choose to.

We promise not to be exhausting - you can come or leave whenever you like and there'd be no tiresome guests to talk to.

devotedly,
Pat.
