Dear Shri Rajaji,

Your kind letter to hand on my return from tour. Feel greatly obliged to know that you so keenly felt interested in Jaunpur election. While success would have provided additional strength to work for the cause we stand for from within the parliament, unsuccess does not dishearten us. Often defeat becomes a prelude to future success and, I feel that patronage and encouragement from elders like you would certainly bring success to the opposition parties. We all feel the necessity of mutual cooperation and good will among the non-communist opposition to whatever extent it be possible. Your lead and guidance would be of very great help.

For your information I am also enclosing a copy of the resolution of the All India Working Committee passed at its Allahabad meeting on the 13th. and 14th. June, 63 with regard to the opposition unity.

Please accept my heart-felt congratulations on Mr. Massani's success.

With regards.

Shri C. Rajagopalachari
